making North Wales the **safest** place in the UK

BENEFITS AND CRIME PREVENTION ADVICE

- Opportunity to store tack, equipment and vehicle details on a secure database
- Direct communication from North Wales Horse Watch about incidents
- Help rural communities prevent and detect crime
- Greater awareness of what is going on in your community

Information will be stored on a secure North Wales Police database and will be deleted at your request. Members are asked to inform Horse Watch of any information changes.

To help assist with investigations details stored on the database may be passed to officers of North Wales Police and surrounding forces in the event of criminal activity. We will always discuss this with you beforehand.
